

## Joint Pavilion - Kick Start Package

### For first time participants only

food & drink technology Africa is the premier platform for the Southern African food, beverage, and packaging industries. The established event serves as a trade fair, top-selling market place and future-oriented knowledge center. With our Kick Start Package we offer you the opportunity to set your first footprints into the Southern African market. This package is for first time participants only and it offers you an uncomplicated participation at the trade fair.
